Jim,

FYI – Fletcher is trying to set up a meeting for PTSLO with Matt on this today. There's a meeting scheduled with the Administrator on this tomorrow and it's my understanding that David Fotouhi may be attending for Matt.

Fletcher,

As discussed, the PTSLO attendees for a meeting today with Matt and David (or others) on this subject would be me and Bob Perlis (at least at this time). I've attached a draft one-pager (titled "24c public

comment briefing document”) that OCSPP is working on for the meeting with the Administrator tomorrow; this document should be helpful as a summary of the issue for OGC IO. I’ve also included a copy of the relevant FIFRA statutory provisions.

The last two documents are the draft FRN and the document that OCSPP intends to use with the FRN to provide background on the issue on which it is seeking comment.

Thanks,

Joe
